Dear Guest,

Welcome to Newport World Resorts!

This November, the prestigious Asian Poker Tour (APT) returns to the newer and much bigger world of Newport World Resorts. As this year's tour comes to a close, with only a few events remaining until the end of the year, we once again express our gratitude to the APT for choosing our pioneering integrated resort to be their home for their events in Manila. Our doors are always open to hosting these prestigious events as we commit to becoming a mecca of poker in Asia.

Following the much anticipated launch of our Epic Rewards program, we've elevated everything from experiences, partnerships, incentives, and choices for every member, to make every visit to the property a truly epic and rewarding affair. We proudly open up a wider array of thrills, from our line of international hotel brands, world-class restaurants, breathtaking entertainment, luxury retail, and much more within the entire property and beyond.

We eagerly invite every APT guest to make the most of their stay and escape the ordinary by signing up for an Epic Rewards membership. We have created the most powerful, most expansive, and most enjoyable membership rewards program we've ever had. With our hotels and other lifestyle partners, we now have the largest redemption options of any integrated resort in the country.

There is no end to thrills and excitement at Newport World Resorts. From our Epic Month in October to the Asian Poker Tour events in November, we are closing out the year in the most spectacular way. We hope to see our APT guests return to visit as the Super American Circus makes a stop at the Newport Performing Arts Theater to stage its live one-ring circus show from December 21, 2022 to January 8, 2023. We eagerly await your return because more surprises are in store as we celebrate our first holiday season as Newport World Resorts.

Thank you and I wish you all a world of luck at the poker tables.

Chief Operating Officer

- Players qualifying with multiple stacks to Day 2 will only play their largest stack. Other stacks will be removed from play.
- Players are allowed to forfeit their stack before close of registration to re-enter.

Shot Clock Mechanics

- Main Event and Championships: The Shot Clock will be introduced once the event is down to 8 tables left in play or 1 full table out to the Bubble.

- Once a player exhausts the initial 30-second count down, that player will immediately owe a Time Bank button and will owe another one after each 60-second countdown expires.
- The Shot Clock will be paused if the Dealer needs to count out a bet of multiple chips that have multiple denominations and stacks.
- A player's hand will be killed immediately after the time on the Shot Clock has expired, if that player is out of Time Bank buttons.

Number of Time Banks per type of event:

- Main Event = 5 initial + 5 for Final 8 players

Deal Making and Deal Facilitation

For deal-making, the following rules shall apply:

1. APT will not participate in the deal-making process, but will only serve to facilitate deals between players under the conditions specified under this rule.
 - If requested, APT will assist in providing computations for a deal being done based on the percentage of chips that each player has using the Individual Chip Modular (ICM) system. If a deal is being done based on ICM, and it results in a player/s getting more than 1st place money as originally posted [Section 9.1 below], the excess will be divided accordingly to the percentage to the other remaining players involved in the deal.
 - APT will facilitate one deal only, and once an agreement has been reached on a deal, no other deals will be permitted.
 - Payout will be in accordance with the deal made.

Deals that lock up all the prize money to the players involved, stops the tournament. The player with the most chips will be deemed the champion. The champion will be awarded the champion's trophy along with any other perks that maybe included.

In order to continue playing to the champion's trophy and any other perks that maybe included; a minimum of five percent (5%) of the 1st place prize money, as originally posted, must be held out of the deal and played for. This 5% hold-out will be

awarded to the eventual champion to ensure the integrity of the tournament's finish.

3. APT will only facilitate a deal once play reaches the final table.

4. Players are only permitted to discuss a deal at the completion of a hand or during a break.

5. Any discussions on a deal must be made in the presence of the APT Tournament Director or his designated APT representative.

6. All players on the final table must indicate their willingness to take part in a deal negotiation before the Tournament Director can pause the tournament clock. If the tournament clock is paused for negotiations on a deal, players will not be permitted to leave the final table to discuss the deal.

7. Players will be penalized for badgering or pressuring a player that refuses to make a deal.

8. When a player refuses to make a deal, no suggestions of another deal will be made until a player is eliminated or a major change in chips has been from player to player.

9. Any deal cannot be made under the following terms:
Award a player more than the amount of 1st place prize money as originally posted;
Due to the 5% to be played for under Section 2 of this Rule, a player cannot be awarded the originally posted 1st place money at the time a deal is made;

10. All players involved in the deal made and agreed to under this rule, must sign a written waiver acknowledging the deal they've made and payment of the prize money in accordance with the agreed shares.
